Entrance, Placement, and Transfer

Entrance, Date, and Age

The District will enroll a child in kindergarten or in first grade whose fifth (5th) or sixth (6th) birthday occurs on or before the tenth (10th) day of September of the school year in which a child registers to enter school. Parents may request a waiver of the age requirement. All waivers are granted in the sole discretion of the District. A child who meets the requirement of being six (6) years old, but who has not completed a kindergarten program, will be tested and placed at the discretion of the administration. The District requires proof of identity and an immunization record for every child to be admitted to District schools. The District usually will not assign or admit any person who has reached age nineteen (19) on or before September 10 of the year to be enrolled; however, a waiver to this usual practice may be granted.

School Entrance

1. The District requires that a student's parents, legal guardian, or legal custodian present proof of identity of the child¹ to the school within forty (40) days of enrollment, as well as proof of residence in the District. Students who are not residents of the District may apply for admission pursuant to Policy 3141. Homeless students shall be admitted pursuant to state and federal law, and Policy 3125.
2. To be admitted to District schools, in accordance with the Montana Immunization Law, a child must have been immunized against diphtheria, pertussis, tetanus, poliomyelitis, rubella, mumps, and measles (except that pertussis vaccination is not required for children seven (7) years or older). Immunizations may not be required if a child qualifies for conditional attendance or an exemption is filed as provided by Montana law.

Placement

The District goal is to place students at levels and in settings that will increase the probability of student success. Developmental testing, together with other relevant criteria, including but not limited to health, maturity, emotional stability, and developmental disabilities, may be considered in the placement of all students. Final disposition of all placement decisions rests with the principal, subject to review by the Superintendent or the Board.

Transfer

District policies regulating the enrollment of students from other accredited elementary and secondary schools are designed to protect the educational welfare of children.

Elementary Grades (K-8): A student transferring into the District will be admitted and placed subject to observation by appropriate teachers and a building principal during a probation period of two (2) weeks. Thereafter, should doubt arise as to initial grade and level placement of a student, school personnel will conduct an educational assessment to determine appropriate grade and level placement.

Secondary Grades (9-12) Credit Transfer: A transfer of credits from any secondary school is subject to a satisfactory examination of the following:

1. Appropriate certificates of school accreditation;
2. Length of course, school day, and school year;
3. Content of applicable courses;
4. School building as it relates to credit earned (i.e., lab areas for appropriate science or vocational instruction);
5. Appropriate evaluation of student performance leading toward credit issuance.

The District will follow Montana Accreditation Rules and Standard, along with local alternate procedures for earning credit, in reviewing requests for transfer of credits. High school principals have authority for approving credit transfers, subject to review by the Superintendent or the Board.
