Student Fees, Fines and Charges

Within the concept of free public education, the District shall provide an educational program for the students as free of costs as possible.

A student may be required to pay reasonable fees to cover the actual cost of breakage and of excessive supplies used in commercial, industrial arts, music, domestic science, scientific or agricultural courses.

A student may be charged a reasonable fee for any course or activity not reasonably related to a recognized academic and educational goal of the District or any course or activity held outside normal school functions. The Board may waive the fee in cases of financial hardship.

The Board delegates authority to the Superintendent to establish appropriate fees and procedures governing the collection of fees and to make annual reports to the Board regarding fee schedules. Fees may be required for the actual cost of breakage and of excessive supplies used in courses such as commercial, industrial arts, music, domestic science, science or agriculture.

A student shall be responsible for the cost of replacing materials or property which are lost or damaged due to negligence. The student and parent shall be notified regarding the nature of the violation or damage, how restitution may be made, and how an appeal may be instituted. A student's grades or diploma may be withheld until restitution is made by payment. The student or parent may appeal the imposition of a charge for damages to the Superintendent and the Board.
