

Community Use of School Facilities

School facilities are available to the community for education, civic, cultural, and other non-commercial uses consistent with the public interest, when such use does not interfere with the school program or school-sponsored activities. Use of school facilities for school purposes has precedence over all other uses. Persons on school premises must abide by the District's conduct rules at all times.

Student, school-related and non-profit organizations shall be granted the use of school facilities at no cost. Other organizations granted the use of the facility shall pay fees and costs. The Superintendent shall develop procedures to manage community use of school facilities, which shall be reviewed and approved by the Board. Use of school facilities requires administrative approval and is subject to the procedures.

The administration shall approve and schedule the various uses of the school facilities. A master calendar will be kept in the office for scheduling dates to avoid conflicts during the school year. Requests for use of the school facilities must be submitted in the Principal's office.
